7. To see if the Town will vote to raise and appropriate the sum of two hundred dollars for the Memorial Hospital, North Conway, which is approximately one dollar per citizen — this sum to be a token that the Township of Eaton recognizes the vital part the hospital plays in the health and welfare of this community.

# FOREST FIRE WARDEN'S REPORT

---

Dear Mr. and Mrs. and Family:

Once again our region is covered with snow and the forest fire hazard has disappeared, but to your local forest fire warden it is just a time to check over his equipment and check the causes of the fires he has had. We know that our biggest cause of forest fires are careless people burning rubbish, brush or debris without a permit or in an unsafe place. When this fire gets away from them and help is needed to put it out, they then plead that they did not know a permit was required for the incinerator or this type burning. Well, the old saying, "ignorance of the law is no excuse" fits in here very well. The forest fire laws have been in the newspapers, on the radio, on television and are on some posters, and there should be no excuse for not knowing a permit is required for all outdoor burning. In this year's report, we are going to quote the law of the State of New Hampshire in regard to permits. This is found in Chapter 233 — Section 35 revised laws, State of New Hampshire.

## Permits — 35b

No person, firm or corporation shall kindle or cause to be kindled any fire or shall burn or cause to be burned any material, and no city or town shall kindle or maintain a fire or a public dump in or near woodlands, pasture, brush, sprout, waste, or cutover land or where fire may be communicated to such lands, except when the ground is covered with snow, without first obtaining a written permit from the forest fire warden of the town where the burning is to be done, unless the same is in the presence of the warden or his agent.

## Liability for fires without permit — 36

Any person causing or kindling a fire without permit of the forest fire warden when such permit is required and any person by whose negligence or the negligence of his agents any fire shall be caused, shall be liable in a civil action for the payment to the town or the state or both, of the expenses incurred by the forest fire warden or his deputy warden in attending or extinguishing such fire.

## Penalties — 38

Any person violating any provisions of section 35 shall be fined not more than two hundred dollars or imprisoned not more than sixty days.
